SCAN ME

In Tamara Home, we have a strong goal of building long-term partnerships with many of our clients in the Arab Republic of Egypt. We are doing our most to meet the needs of our current and future clients. We are also following an organized path through which we seek to expand our activities so that our services can cover our beloved Egypt.

Our Goals

Our vision

That Tamara Home achieve an advanced position characterized by excellence in the field of contracting and implementation of various projects in public and private sectors in the Arab Republic of Egypt, bearing in mind the effective contribution to **the vision of Egypt (2030)**, which seeks to apply environmentally friendly technology and alternative energy and implement smart ideas with the participation of successful companies in order to bring our company to a global level in providing services with the highest professional quality according to the correct engineering and administrative principles that ensure the implementation of projects on time, cost and quality required, and achieve the client's satisfaction of these projects where quality comes on top of our team's priorities, as well as cooperation with official agencies to support employment of qualified people to work in the field of contracting.

Our Message

Our message is inspired by the depth of our Islamic morals, where we follow the footsteps of our Prophet when he said in his noble speech, **“God loves if one of you does a job to be good at it”**, which makes our message to spread the culture of quality in its true sense in the field of general contracting in the Arab Republic of Egypt, in order to create a real competition between all companies that provide general contracting services, whether they are large or emerging companies, and this message is in order to provide the best services at the most appropriate costs.

Quality and Safety Policy

Quality and safety are among the most important elements in our priorities and that we will not accept being taken lightly.

We are always working to improve the level of quality in our work in frame of constant challenges and in line with the requirements of Different customers.

The most important procedures of our quality policy are monitoring and controlling for executing Processes, while following up on how performance indicators are conducted for all employees of the company and measuring the satisfaction of our customers about the services we provide to them and work on Continual Improvement.

who we are

Tamara Home is a general and specialized contracting and supplies.

It employs a number of highly qualified and experienced engineers over more than 15 years, during which they have implemented many projects inside and outside the Arab Republic of Egypt by working in major consulting offices and contracting companies.

We would like to emphasize that through our experience in the field of contracting, we have the ability to implement projects on time and within the limits of their contracted cost and required quality and to achieve the satisfaction of our customers from these projects.

It is expected with the permission of God Almighty that the company will achieve record growth rates during the upcoming years. Expansion in this area will be a goal that the company seeks in light of the current growth in the field of projects in the Arab Republic of Egypt.
